A Stewardship Reflection

My parish family is composed of people like me.
I help make it what it is.

It will be friendly, if I am.
Its pews will be filled, if I help fill them.
It will do great work, if I work.
It will make generous gifts to many causes,
If I am a generous giver.

It will bring other people into its worship and fellowship,
if I invite and bring them.

It will be a parish family of loyalty and love,
of fearlessness and faith,
and a parish with a noble spirit,
if I, who make it what it is,
am filled with these same qualities.

Therefore, with the help of God,
I will dedicate myself to the task
of being all the things
that I want my parish family to be.

Welcome to an important little book. I've always felt that this convenient little Guidebook is very helpful in a parish. Communication is of course behind everything we do. God the Father communicated himself to us through his word, the second person, Jesus Christ. When we use any means to get in touch with each other for constructive purposes, we participate in God communicating the word to us all.

Use this book to make connections. It also has a summary of our parish ministries, so you can review opportunities for service. St. Rose Parish has been faithfully living and serving our area for over 13 years now, with services to students, youth, seniors and many in need. This book can be one of the ways we get in touch with each other and fulfill our parish mission.
